You've ignored my request for your policy and procedure manual or SOP for inmates requiring medical treatment. I'm requesting it under the Ohio sunshine law.

Please send me this public records request that originated in May, was sent twice & ignored.

Send to me via email. Include the date of the adopted policy and none exists, that's an adequate reply to a records request.

Do you have the policy for treatment? I had to call you before about someone being denied treatment and had some other general complaints so I'm wondering if there operations similar to how Terry Thomas ran community Bussing. The fewer services— the bigger the profit margin.

Paul,

I received a complaint of medical neglect.

What are your policies for treatment when an inmate asks for treatment? Please send copies of your policies that relate to medical treatment.

An inmate who was ill and denied treatment and was transferred out I'll, and now is in ICU with bacterial meningitis. This is unacceptable.

Niki,

Send me the written complaint and I will look into it. There is not enough information in your email to properly respond without a name and I cannot provide you any medical information concerning any prisoner in the Trumbull county jail. Sheriffs office will handle the complaint once it is properly documented.

Paul,

I received a complaint of medical neglect.

What are your policies for treatment when an inmate asks for treatment? Please send copies of your policies that relate to medical treatment.

An inmate who was ill and denied treatment and was transferred out I'll, and now is in ICU with bacterial meningitis. This is

unacceptable.

Commissioner,

It was brought to my attention that the previous email I sent you contained policies that were from a draft file prior to being issued to staff, therefore it did not contain the issue date. Attached to this email are the policies with the issued date of 23 August 2021.

Respectfully,
Major Mason
